Welcome to SHAZAM BOLT\$

If you received an invitation and sign up for SHAZAM BOLT\$, you can receive money from an eligible SHAZAM BOLT\$ user via your debit card.

If you have a SHAZAM-branded debit card and your financial institution uses the SHAZAM BOLT\$ service, you can:

- View balance information for a debit card's primary account
- Receive a variety of transaction alerts
- *Receive suspicious transaction alerts
- *Temporarily block future transactions on a card
- *Send money to a SHAZAM BOLT\$ user's debit card
- *Receive money from an eligible SHAZAM BOLT\$ user's debit card

Download SHAZAM BOLT\$ at the Apple® App Store and Google Play™.

* An asterisk indicates features not available for all users.

SHAZAM BOLT\$ Setup 3 of 6 Terms and Conditions

mobile banking application (the "Service") offered through Germantown Trust and Savings Bank ("we," "our," "us"). You agree to be bound by the terms and conditions of this Agreement as may be amended from time to time.

1. Acceptance of Terms.
By clicking "I Agree" when you enroll in the Service or by using the Service, you agree to be bound by the terms and conditions of this Agreement. By agreeing to the terms and conditions of this Agreement, you represent that you have the capacity to be legally bound by it.

2. Description of the Service.
The Service is a mobile banking application available for iPhone and Android devices, as well as other tablet devices and via an internet browser that is tied to your debit card with us. We have set the features and functions of the Service that will be available to our customers. The Service will provide you with access to account balance information, and transaction alerts as managed by you, via e-mail, for the following transactions: transactions over a

?  

Modify Alert Settings –

Customer can set up alerts to be notified when specific actions occur when their debit card has been used. You will be alerted 24/7 and know right away whether the purchases are valid so you can call immediately and put a stop to any fraudulent activity.

Transactions over \$_____ = an alert is created and sent for any transaction over that dollar amount

Internet and phone transactions = an alert is created and sent any time an internet or phone order is placed

Transactions outside of U.S. = an alert is created and sent when a foreign transaction is made

SHAZAM BOLT\$ notification = set by default

Suspected fraud alerts = set by default

Enter email addresses for notifications – if a text is preferred enter 10 get phone number@vtext.com(Verizon), txt.att.net(AT&T) messaging.sprintpcs.com(Sprint) as the secondary email address

Send Money (P2P) –

GTSB customers can send money to anyone, GTSB customers as well as non-GTSB customers whether they currently use Shazam Bolt\$ or not. If the recipient is not a current ShazamBolt\$ user an email invitation will be sent to the recipient to set up the Shazam Bolt\$ app. The recipient will have 5 days to enroll, as the sender you are notified via email whether the recipient has enrolled or not and whether the transaction was completed. GTSB customers may also receive money as long as the sender is a Shazam cardholder. The only information needed is the recipient's email address.

There is a \$1.50 fee to send a P2P transaction with a limit of \$500 per transaction. There is no charge to receive a P2P transaction.

Step One:

New Recipient – Enter the email address of the person you are sending money to. Re-enter the email address for accuracy. Enter a nickname for the recipient (optional).

Choose Existing Recipient – If you have set up recurring recipients you can select the drop down menu and select the individual you would like to send money to.
