

Shazam brella

Shazam brella is a fraud transaction alerting, balance monitoring and ATM locator application that can be downloaded from the Apple App Store, Google Play Store or by logging into <https://shazambrella.net> for FREE!

Apple App Store (Iphone/Ipad)

Google Play Store (Android)

HELP

Welcome to Brella

Protect your debit card. Get alerts when your card is used so you can quickly detect unauthorized or fraudulent activity on your account. You can also check your balance anytime, submit a Travel Notice to your financial institution and find nearby ATMs.

Send and receive money. Send money to virtually anyone. If you received an invitation to sign up for Brella, you can receive money from eligible users.

Turn your debit card off / on. This control can be used to disable a lost or stolen card, prevent fraudulent activity and control spending.

NOTE: This application is powered by SHAZAM, and is activated through specific financial institutions. Check with your financial institution to ensure they participate in Brella prior to registering and / or they participate in certain features.
